WARE-WASHING PRODUCTS

Carlisle offers every rack, basket and accessory you need for efficient warewashing operations. OptiClean™ is the industry standard for enabling clean, spotless ware. Our full line of color-coded rack extenders and Plaque-a-Racks are the ideal solution for sorting and managing your ware.

OPTICLEAN™
Engineered to Flow

Warewashing can be labor intensive. If not well managed, it is likely to hurt your operation's bottom line and add unnecessary frustration. However, labor and efficiency is not the operator's only problem. The quality of your warewashing could directly affect your customers' health and the reputation of your establishment. If an effective system of cleaning and sanitation is not upheld, you may be facing risks on a daily basis that could jeopardize the future of your business.

3-Component System
Base Rack // Open Extender // Divided Extender
By alternating open and divided extenders, each level of the rack offers efficient flow through of water for superior performance and thick divided walls for protection

Double-wall Construction
Maximum strength, protects contents from moving machine parts

Versatile Stacking
Stacking from either direction and with all major competitors

Open Wall Design
Open profile facilitates superior washing, complete rinsing and fast drying

Quick Draining
No flat surfaces to trap water or loose food particles within the rack—ensuring rapid drying

4-way Tracking
Easy dish machine loading from any side without the need to rotate racks

Locking Extenders
Unique snap-on design allows for fast, simple assembly

Comfort Curve Handles
Comfort Curve Handles—molded into all four sides for easy handling, won't pinch fingers

All OptiClean Racks have an outside measurement of 19.75" x 19.75"

The Honeycomb

We've developed the most highly engineered warewashing solutions to improve your establishment's operational efficiency. Carlisle utilizes a tested geometric honeycomb structure, admired and studied since ancient times. The honeycomb design delivers unmatched durability while simultaneously increasing the flow of water through each rack. The open honeycomb design also eliminates flat surfaces and corners that would otherwise harbor food particles allowing water to drain and contents to dry quickly.

NeWave™

In pursuit of an even more efficient foodservice operation, we developed the OptiClean NeWave glass rack. These rounded wave design racks hold 20% more glasses than equivalent, square-compartment racks. This means more glasses in less racks, reduced chemical and/or water usage and improved labor efficiency. NeWave also holds glasses securely in place, resulting in minimal movement and reduced breakage.

Easy Identification

Water is not the only aspect we engineered to flow. A color-coded system allows operators to choose their own method of identification to categorize by the type of glass, location of wares within the facility or even specific types of events. This color-coded system allows your operation to flow smoothly and eliminate unnecessary confusion for both existing and new employees.

Textured Finish
Non-slip textured finish on outside walls reduces scratches to keep racks looking new, improve durability and provide a secure grip

6 Extender Colors

NSF Listed

How To Create The Correct Item Number For Your Washrack

1 Each item begins with an **R** for rack

2 Second digit indicates type
- **G** // Glass
- W // NeWave
- C // Cup
- P // Peg/Plate*
- B // Bowl*
- F // Flatware*
- SP // Sheet Pan*
- FP // Food Pan*
- PC // Plate Cover*
- TP // Tall Peg*
- OP // Open Peg*

*Skip to Step Six
Only available in Blue(14)*

3 Glass, NeWave (only 20 or 30) & Cup (only 16 or 20) racks have additional digits beginning with number of compartments
- 9 // Nine Compartment
- 16 // Sixteen Compartment
- 20 // Twenty Compartment
- **25** // Twenty-five Compartment
- 30 // Thirty Compartment
- 36 // Thirty-six Compartment
- 49 // Forty-nine Compartment

4 To add extenders, add a dash and the # of extenders*
- -1 // One Extender
- -2 // Two Extenders
- **-3** // Three Extenders
- -4 // Four Extenders
- -5 // Five Extenders

* RW racks have a standard integrated extender, therefore an additional extender for each line listed above e.g. RW20-1 includes two extenders.
5 If you want color-coded extenders, add a **C** — Otherwise, skip this step

6 Lastly, add the color-code
- **410** // Red/Blue
- 411 // Yellow/Blue
- 412 // Orange/Blue
- 413 // Green/Blue
- 414 // Lavender/Blue
- 14 // Blue

7 This order is for a glass rack with 25 compartments, 3 extenders and the top extender is red.

RG25-3C410

- Extenders are available in multiple colors including Blue(14), Yellow(04), Red(05), Green(09), Orange(24), Lavender(89)

New Color-Coded Options

Engineered to Flow

If your operation has multiple drinkware styles that need to be washed, stored and easily identified, Carlisle has a solution to make work easier. Our OptiClean extenders are available in six color choices. Use this option to color-code your glass racks and keep each piece of drinkware in its proper place. If you have multiple areas of serving within your establishment you can designate specific colors so that your fine dining stemware stays separate from the poolside drinkware.
OptiClean NeWave
Color-Coded Glass Racks

- Fits 25% more glasses which saves on chemical cost by washing more glasses per cycle
- Honeycomb design allows a free flow of soap and water and balanced weight dispersion when racks are stacked high
- Compatible stacking with standard dish racks ensuring a smooth transition to Carlisle washracks without interrupting workflow
- Color coded extenders allow for convenient identification
- Most durable rack in the market
- NSF Listed

OPTICLEAN®

Dish Racks

OptiClean Dish Racks offer the safest and most sanitary cleaning choices for everything from the most fragile tableware to heavy-duty kitchen items such as utensils and cutlery. These racks are NSF Listed and offer all the same great features as the rest of Carlisle's wash racks such as sturdy double wall construction and Comfort Curve™ Handles molded into all four sides.

NSF®

Peg Racks
- Holds plates, trays and platters at the best angle to take full advantage of today's multiple spray, high-pressure dishwashers
- Plate locks hold dishes firmly in place to protect delicate rims, reduce chipping and breakage
- Use with additional Open Extenders (RE) to create the perfect rack for irregular or oversize drinkware
- NSF Listed

Tall Peg Plate & Tray Rack
- Extra tall 2.94" pegs are ideal for charger plates, pasta bowls, large platters and trays

Open End Peg Rack
- Tall 2.94" pegs with open ended design hold all types of trays, standard size baking sheets and other long items

Open/Bowl Rack
- Sturdy open bottom rack is ideal for all large bowls, containers, brushes, cookware and cutlery

Combination/Flatware Rack
- Bottom grid allows for free flow of water and air
- Keeps flatware in place for thorough washing and drying
- Perfect for ramekins and other small items
- NSF Listed

Cup Racks

- Tilted design promotes thorough washing of rims and interiors
- Encourages concaved bases to drain more efficiently, eliminating pooling water
- 16-Compartment holds larger diameter cups and mugs in tilted position; compartment size: 4.34" x 4.34"
- 20-Compartment works with most standard size cups; compartment size: 4.34" x 3.41"
- NSF Listed

RC20-1

Bakery Tray & Sheet Pan Rack

- Rack securely holds sheet or bun pans low enough to fit standard height dish machine openings
- Contents are angled to take full advantage of multiple spray arms
- NSF Listed

RSP

Food Pan/Insulated Meal Delivery Tray Rack

- Accommodates all sizes of 2.5" deep food pans and standard steam table inserts
- Racks are angled for thorough cleaning
- Perfect for health care or correctional facilities using insulated meal delivery compartment trays
- NSF Listed

RFP

Plate Cover Rack

- Use with plate covers, dishwasher safe insulated dome covers or dishwasher safe pellet bases
- Specially designed insert keeps contents separated during washing
- NSF Listed

PLAQUE-A-RACK

Carlisle's Plaque-A-Rack System is the proven standard in custom rack labeling. The highly visible plaques fit up to three across on both bases and extenders for complete versatility. Plaques can be easily added, removed or changed as needed. Sturdy reusable plaques are made from a high-impact plastic and won't come off during the normal wear and tear of daily usage – offering a permanent identification system for the life of your racks.

Plaque example shown above: XRG25-2 with 203, 303, 103

- Plaque-A-Rack provides four ways to customize your Glass Rack System:
  – glassware silhouette
  – glassware style by name
  – location of glassware usage or storage
  – custom color coding options
- Plaques are hot stamped for durability
- Plaques are Carlisle Blue(14), unless otherwise specified
- All plaques are 3" long by 1" high with a printable area of 2-1/4" long by 11/16" high
- Racks can be ordered with up to three possible plaque imprints
- There is a $4.16 U.S. list price charge per rack for each Plaque-A-Rack order (includes 2 plaques on 2 sides); special orders for plaques on all four sides have a $8.32 U.S. list price (includes 2 plaques on 4 sides)
- Plaques may also be ordered separately at $1.04 U.S. list price each
- Plaques are placed horizontally on two opposite sides of the rack along the top most edge
- Plaques snap on for a tight fit; won't fall off during normal use
- Plaques can be removed if necessary and are re-usable
- Allow ten working days for shipment of your standard order
- Plaqued racks sold in full case quantities only
- Please allow 4-6 weeks from approval of sample for custom plaques
- Custom imprinted plaques are $1.04 U.S. list price each with an additional $50 U.S. net price setup fee per plate
- An additional $142 U.S. net price dye charge will apply to any plaque order that does not include racks
- For custom color coding, please specify which color is to be used for each rack
- Custom plaques have a max of 9 characters in upper/lower case; 7 character max in all caps
- All plaque sales are final

How To Order
Follow instructions below and refer to the charts on the facing page for catalog numbers.

Step 1: Choose the glass rack that best fits your glassware.

Step 2: Plaque-A-Rack glass racks are identified by an "X" preceding the standard glass rack catalog number (example: "X"RG25-1 25-Compartment Plaque-A-Rack glass rack with one extender).

Step 3: Choose the different imprints you want from the types of plaque imprints available.
• Silhouette
• Name of glassware
• Location

Step 4: Place the three digit plaque catalog imprint product number next to the standard glass rack catalog number.

EXAMPLE:
Rack Choice: RG25-1
Silhouette: Red Wine
Glassware Name: Red Wine
Location: Service Bar
Catalog No: XRG25-1   204   304   104
